July 2015

Growing Bible Institute

Our institute has grown by a few more this last quarter! We have also added a class in English as well as a new computer lab for our basic computer courses. God has given us two more faculty members, Bro. Walter Ramos and Bro. Josue Andrade. These men are not only great at equipping these young people for the ministry in the classroom, but have been faithful in their witness to the lost in Danli!

Church Plant

It became evident that transporting people from the area called Los Robles was consuming too many of the church in Danli's resources. One of our students, Pedro Avila, had a burden to start a church in that community. The first service in the new church was held the first Saturday in June! Since then, we have seen the attendance slowly climb! Souls have been saved every week. Please continue to pray for Bro. Avila and the ministry team that accompanies him as they plant this new church!

Ministry Opportunities

Please continue to pray for the many opportunities we have during the week to reach Honduras for Christ. Every week we preach and teach to the local Police, Public Schools, and Military! These ministries are in addition to the regular church services in Danli!

Prayer Requests and Praises:

1. Praise for the 14 souls saved in the past 2 months.
2. Ministry to the Police
3. Praise for the 6 in full time Bible Institute!
4. Praise the Lord for an average attendance of 28 in Los Robles!
5. Pray for the construction projects that are currently underway.
   a. The house at the camp being remodeled.
   b. The new classroom facility for the church and Bible Institute in Danli.
   c. The new church building for the church in Los Robles.

Thank you for your prayers,

Jason, Cassy, Audrey, Jordan, Joey, and Matthew Tate
