Platinum All Star Fund Recognised at Investors Choice Awards

Platinum All Star Fund awarded finalist recognition for Multi-Manager Fund of 2014 and Multi-Manager Fund - Long Term Performance at the 2015 HedgePo Investors Choice Hedge Fund Awards

London, 27 March 2015 – Platinum All Star Fund has been recognised in two categories at the 2015 HedgePo Investors Choice Hedge Fund Awards. The event, held at the Dorchester Hotel and attended by over 300 people saw the Platinum All Star Fund awarded finalist recognition by a range of industry participants for Multi-Manager Fund of 2014 and Multi-Manager Fund - Long Term Performance.

The annual Investors Choice Awards honor fund managers that have achieved outstanding risk adjusted absolute returns. Fund managers from around the world are considered for the awards by some of the most distinguished institutional investors in the industry who determine the winner in each category by taking into account more than just performance. Funds are judged by a select panel of esteemed institutional investors. The awards apply a holistic approach to the judging process, including qualitative as well as quantitative criteria.

The Platinum All Star Fund is a diversified portfolio of alternative investments handpicked from an exclusive universe of the top 1% of fund managers worldwide. These preeminent brand names — the investment world’s proven best, brightest, and most successful — have maintained consistent track records of success over the past 15+ years through complete market cycles and have more than \$250 billion aggregate assets under management. Individually and combined, Platinum’s All Stars are uniquely positioned to capitalize on the extraordinary opportunities taking shape as the global investment landscape continues to evolve.

Peter Sprecher, Founder and Chairman of Platinum Capital Management, commented:
“Having significantly outperformed its peers in 25 of the past 30 months, and for the past five out of six years, it is gratifying to see Platinum All Star Fund’s consistent long-term outperformance recognised as a leading performer in the industry. This is a fitting overture to Platinum’s upcoming 16th Annual Institutional Investor Conference, and to the introduction of Platinum All Star’s new dividend share class which targets a 3.2% dividend per annum, payable quarterly.”
