| GAME          | WONDER         |

It is not easy being the most beautiful woman on earth. Alice is another Marilyn Monroe increased by a factor of ten. There is only one problem. Alice has been fabricated with sinister motives by life forms from a distant planet: she is an android. Alice discovers she is only a pawn in a very intricate game, and must also contend with other factions seeking to destroy this unnatural wonder.
