

Evaluate Your Current Software against Top Industry Players at the Vendor Shootout™ for ERP, September 26-27, 2012, San Mateo, California

Simplifying the software selection process through a comparative view of the leading ERP products on the market.

SAN MATEO, CA- For several years now, the Vendor Shootout™ for ERP has changed the way companies approach software evaluation by minimizing the overall time and effort involved in qualifying potential Enterprise Software vendors. This unique event offers a one-of-a-kind opportunity for you and your team to get up close and personal with top Enterprise Software solutions through live, scripted product demonstrations.

The fall 2012 [Vendor Shootout™ for ERP](#) will be held September 26-27, 2012 at the San Mateo Marriot San Francisco Hotel in San Mateo, California. Top Enterprise [Software vendors](#) will include: abas ERP, Epicor, Infor ERP SyteLine, IQMS EnterpriseIQ, Oracle JD Edwards EnterpriseOne, Plex Online, Sage ERP X3, and SAP Business ByDesign.

Geared toward manufacturing and distribution companies, the Vendor Shootout™ for ERP is ideal for businesses that are budgeting for or are currently in the process of assessing Enterprise Solutions. This event allows companies to fundamentally walk away with a short list of potential products, in just two days. Attendees are given the opportunity to see a series of scripted, as well as unscripted product demonstrations from presenting vendors. Scripted, software demonstrations by each vendor will allow an "apples to apples" comparison of each product.

With event moderators, [Technology Evaluation Centers](#) (TEC), on site, selection teams will have the opportunity to become equipped with the knowledge required to manage their own selection project, or receive personalized guidance to get them through vital project milestones.

This is a rare opportunity to get your team together for two days attentive to a selection of top Enterprise Software Vendors in the world. What normally takes weeks of organization, logistics and planning can be all done at the Vendor Shootout™ for ERP. Space is limited and Early Bird Rates are currently available. For more information or to register for the 15th Vendor Shootout™ for ERP, visit www.erpshootout.com or email info@erpshootout.com.
