“Hot Hand” Waiver

This is absolutely optional. If this is a corrective measure you would like to be taken, this form must be signed. Without this waiver signed, no “hot hand” will ever be given. By signing this form, you are agreeing to this form of discipline to be given to the child listed below.

It is our firm belief that discrete and sensitive use of corporal punishment is an effective disciplinary **alternative** for children. Children of all ages are given lots of love and praise for their good behavior. Should biting, hair pulling, hitting, or other inappropriate behavior occur, we begin with verbal communication to deter the misbehavior. We progress to a “time out” for the child. If misbehavior continues, we have found that a “hot hand” can be effective and is usually all the discipline that a child needs. A “hot hand” simply consists of 1-3 pops on a child’s hand (see the guide below) with the teacher’s hand and may **ONLY** be administered to children one year old or older. **Every time your child receives a hot hand, we will send home notification that same day.**

“Hot Hand” guide

One-year-old	1 pop
Two-year-old	2 pops
Three-year-old and up	3 pops (this is the maximum number of pops)
