

# Astilbe 'White Sensation'

*Astilbe Simplicifolia 'White Sensation'*

- ❁ Feathery bright white flower plumes are held above rich glossy, green foliage in mid to late summer.
- ❁ Astilbes produce large plumes consisting of hundreds of tiny flowers, each opening in succession providing a long season of bloom. Their flowers make excellent fresh cut flowers and are also good for drying
- ❁ Best in semi shade but will grow in sun with adequate moisture
