

Brunnera Sea Heart

Brunnera Macrophylla 'Sea Heart'

🌸 A superb introduction, forming a clump of thick, heart-shaped medium-green leaves, marbled and frosted with an intricate pattern of silver with green edging and veining. An improved 'Jack Frost'. Foliage has greater substance and is more heat tolerant. Sprays of delicate sky-blue flowers provide added color in spring. Easy-to-grow perennial that performs well in all but the driest of shady conditions

🌸 Provided there is sufficient moisture, plants can tolerate full sun; as the leaves are so thick, little or no scorching occurs
