

**Rockwood Park
Saint John, NB, Canada**

Bird Sightings List

Listed below are the species of birds that are known to have been sighted (or heard) in Rockwood Park. Many have been identified during a series of Birding Walks organized each May since 2013 by the Saint John Naturalists Club. Others have been noted by visitors to the park including Paul Clark who visited 3-4 times a week for several years.

Park visitors are encouraged to submit their sightings to either Rockwood Park or to the Saint John Naturalists Club at info@saintjohnnaturalists.org.

The Saint John Naturalists Club welcomes everyone that is interested in the study, conservation and enjoyment of New Brunswick's natural areas. The Club sponsors a number of field trips throughout the year and club meetings, with a variety of speakers, are held at the New Brunswick Museum on the second Monday of each month from September to May, inclusive, at 7:30 pm.

Further information is available on Facebook at Nature Saint John or at www.saintjohnnaturalists.org. Non-members are welcome on field trips and at meetings.

To Study, to Conserve and to Enjoy
