

Snowstar Masterwort

Astrantia Major 'Snowstar'

- ❁ Delicate, papery, white flowers flushed with green, are held on wiry stems above clumps of finely textured deep green leaves. Blooms freely from June to September
- ❁ Vigorous grower with large dark green clumping foliage
- ❁ Slugs don't like Astrantias so interplanting them amongst other shade plants will tend to repel

Height: 30 Inches

Zone: 3
