

Portal Basics User Guide

Version 2.04

June 5, 2017

Introduction

This is a guide to using the online portal of the Financial and Consumer Services Commission (FCNB).

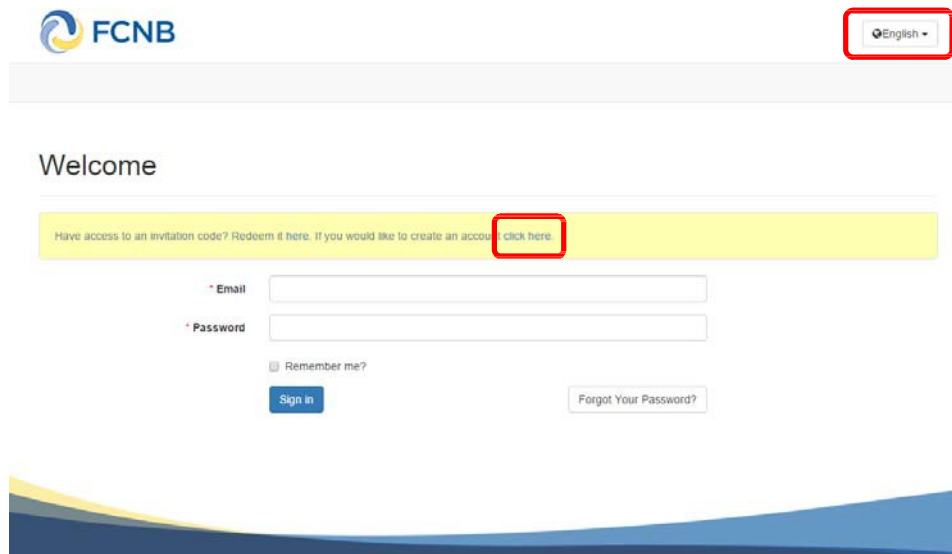

The portal allows a user to apply for licensing or registration, and to make filings, for various sectors regulated by FCNB. This guide explains how to create an account, edit a profile and navigate through the portal. If you are new to the portal and have a previous licence or licences, you can link your prior licence information to your portal account. For help and guidance on specific licensing or registration processes, please consult the Be Ready Before You Begin document for the specific process involved.

For the online portal system to function properly, it is important that your browser is compatible with FCNB's portal. The portal works with any of Microsoft Explorer, Google Chrome, Firefox, or Safari. Please ensure that you are using the most recent version of your browser and that it is properly updated.

The home page

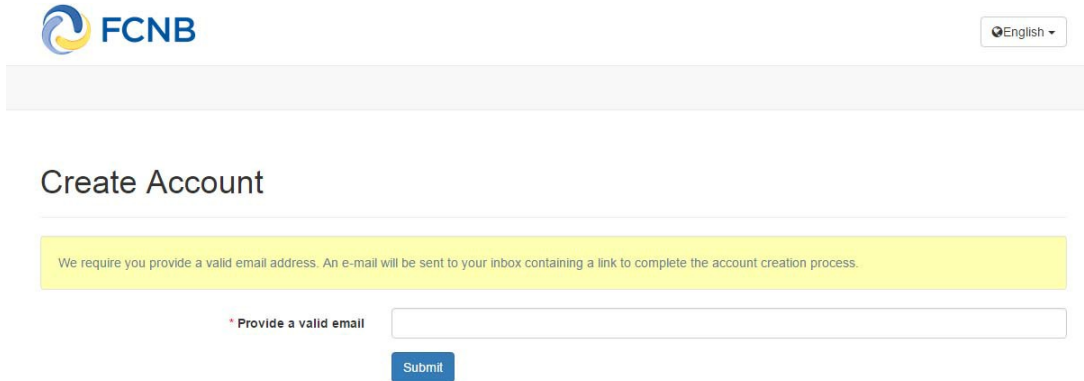

Navigating to <https://portal.fcnb.ca> will bring you to the home page. Here you can:

- Change the language of the page by toggling the button in the upper right hand corner
- Create an account, if you don't have one, by clicking the '[click here](#)' link
- Sign in to the system (once you have created an account)

Create an account

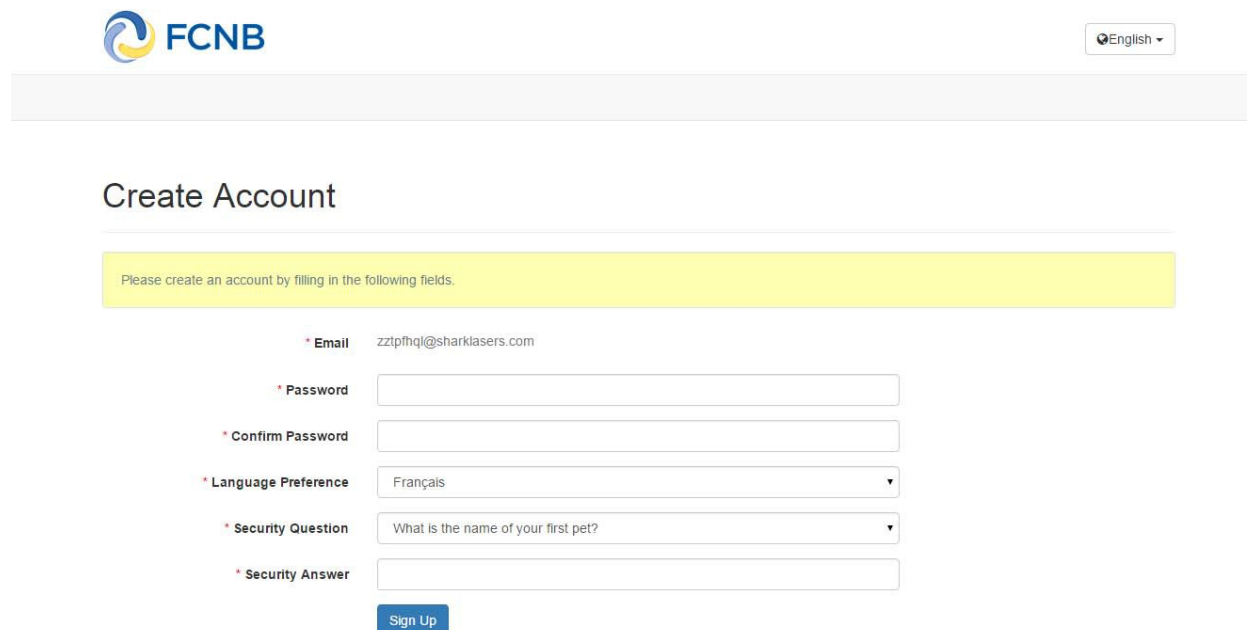

Step 1: Submit a valid email address. This will be your username. Please ensure the email address you submit is used only by you and that it is checked regularly, as all notices from the system will be sent to this email address.

The screenshot shows the FCNB logo in the top left and a language dropdown menu in the top right set to 'English'. The main heading is 'Create Account'. A yellow message box states: 'We require you provide a valid email address. An e-mail will be sent to your inbox containing a link to complete the account creation process.' Below this is a form with a single text input field labeled '* Provide a valid email' and a blue 'Submit' button.

A confirmation link will be sent to you, which will then permit you to create an account.

Step 2: Create your account. Select a password of at least 12 characters in length (containing at least 1 non-alphanumeric character), select your language preference, and answer one security question (select one from the dropdown box).

The screenshot shows the FCNB logo in the top left and a language dropdown menu in the top right set to 'English'. The main heading is 'Create Account'. A yellow message box states: 'Please create an account by filling in the following fields.' Below this is a form with several fields: '* Email' (filled with 'zztpfhql@sharklasers.com'), '* Password' (empty), '* Confirm Password' (empty), '* Language Preference' (dropdown menu with 'Français' selected), '* Security Question' (dropdown menu with 'What is the name of your first pet?' selected), and '* Security Answer' (empty). A blue 'Sign Up' button is at the bottom.

Step 3: Fill in the required fields to add detail to your account profile:

Please note the following If you are an Insurance Licensee:

1. Click the “Insurance Licensee” box. A CIPR Number field will appear. If you do not have a CIPR number follow the indicated link to obtain one (a separate browser window will open).
2. If you have a previous licence or licences, please link your previous licence information to your portal account. To do this, enter the Unique Identification # from your renewal notice in the corresponding field. An alternate method of linking, if you have not yet received a renewal notice, is to enter a previous licence number in the Historic Licence Number field.

Please review the portal terms of use by clicking on the ‘I agree to the FCNB Portal Services User Agreement’ text and if you agree to these terms, check the check box.

Navigating the Portal

Once you have successfully signed in, you will see the main menu page. Here you will see, at the top left of the page, the menu items relating to the type(s) of account(s) you selected (see example below). Click on this/these menu option(s) to return to this page at any time.

You will find an explanatory yellow box on most pages. Please carefully read these instructions for each step of the application/request process. Also, at each of the pages in the application/request process you will be asked to provide information or to make certain selections. This is done in various ways, depending on the information or selection required.

Note that if you navigate away from a page by clicking the 'Previous' or 'Close' button or by using the navigation options at the top of the page, any data entered or updates made to previously entered data on that page will not be saved. To ensure your updates are saved you must complete all required fields and click the 'Next' button.

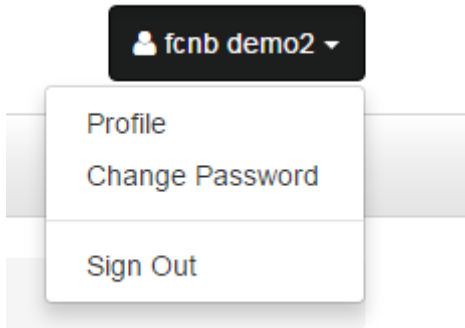

The system allows you to sign out at any time, save your application in draft status and return to your application later. An application cannot be submitted until all questions are answered and all required information is provided. However, once the application is submitted, no changes are permitted without the authorization of FCNB staff. If your information has changed since you submitted your application, please contact FCNB for assistance.

If you are an assistant to an applicant, with the applicant's permission, you may create an account on behalf of the applicant and assist him or her with the online application process. The applicant must validate the application prior to submitting it and is accountable for all information contained therein.

If you are not able to complete the online application due to a physical impairment, please contact us and we will assist you.

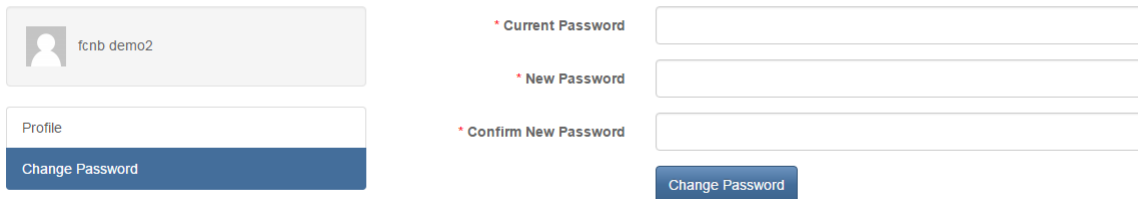

User button menu

You will also note the user button in the right upper corner of the page, which can be used to update your profile, change your password and sign out of the system.

To change your password, enter your current password, and enter your new password twice and click the 'Change Password' button.

Change Password

The 'Change Password' form is displayed. On the left, there is a user profile card for 'fcnb demo2' with a 'Change Password' button. The main form area contains three input fields: 'Current Password', 'New Password', and 'Confirm New Password', each with a red asterisk indicating a required field. A 'Change Password' button is located below the input fields.

Form Field Basics

The various pages of an online application/request use different ways to record information you provide.

Text Entry

These boxes are used to record text such as names and address details. Simply type the required information in the box:

Insurer *

Note: Any field marked with an * is mandatory, and must be filled in or completed in order to proceed.

Dropdowns

These are used to make a selection from a pre-determined list. Click the down arrow on the right hand side of the box and then click on your selection from the list:

Start month *

Checkboxes and Radio buttons

These are used to indicate agreement or confirmation, or to select between two opposing statements (True/False, Yes/No). Click the applicable check box or button:

Please select one of the following two options

- I do not receive or hold money on account of an insurer or insured and wish to apply for a waiver from the trust account requirement
- I do receive or hold money on account of an insurer or insured and will maintain a trust account

Grey fields

These are used to provide you with context information. A grey field cannot be modified:

Jurisdiction *

Buttons

These are used to advance through the process or open other windows. Click on these in accordance with the functionality displayed on the button:

- The **Previous** and **Next** buttons guide you through the process. A **Close** button stops a particular process:

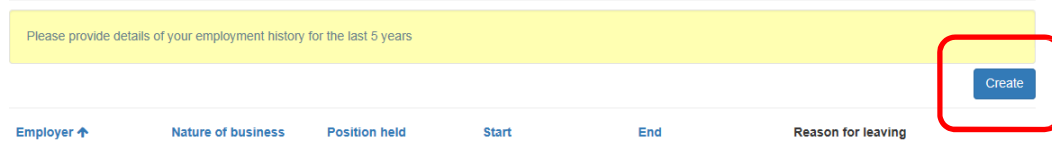

- The **Create/Add** button allows you add new rows to a grid of multiple items of information:

Employment history

Please provide details of your employment history for the last 5 years

Employer ↑	Nature of business	Position held	Start	End	Reason for leaving
------------	--------------------	---------------	-------	-----	--------------------

- The **Submit** button is used to submit entries to a grid.

- The **Browse** button is used to select documents.

- The **Upload** button is used to upload selected documents.

Document Uploads

After you have completed the data entry portion of the application/request process, the system will prompt you to upload required documents. The specific document(s) required will depend on how you answered prior questions.

Notice to members *

Additional documents

To upload a document, follow these steps:

- Place all files to be uploaded in the same directory or folder on your computer.
- Click the 'Browse' button for a particular item to upload. A window to access files on your computer will appear. Browse to the folder containing your files.
- Select the file(s) on your computer (hold down the CTRL key to select multiple files) and click 'Open' in the window. The text box to the left of the 'Browse' button should now indicate the selected files.
- Repeat this process for each item requiring document upload. Add any documents not within a particular category under the 'Additional documents' item.
- Once you have selected files for all items, click 'Upload'. This will upload all your documents simultaneously.
- Once complete, uploaded documents will appear with the item with respect to which they were uploaded. Please ensure that all documents you wanted to upload are listed. Add further documents by clicking 'Browse' again. (Note that additional Browse and Upload will add to the uploaded list and will not replace previously uploaded files. To delete a particular uploaded file, click the little garbage can to the right of the file.)

Please note:

- Required documents are marked with an '*' while others are optional. An error message will appear if a required document has not been successfully uploaded.
- If you do not have a scanner, you may be able to use one at your local library or at one of the larger office supply businesses. A computer terminal with a scanner is also available in each of our Saint John and Fredericton offices. You may also be able to take a picture of the documents with your phone and transfer the images to your computer so you can upload them.

Application/ Request validation and confirmation

Once all documents have been uploaded you will be asked to validate and confirm your application/request. Please review the instructions carefully, and if necessary, review the information provided by navigating back through your application/request using the 'Previous' buttons.

Payment

The final step in the application/request process is payment. You will have the option to 'Pay online' (by credit card, Interac, or American Express), or 'Send or deliver payment separately' (you may deliver payment to our Fredericton office or call and provide credit card information). The actual payment page will vary depending upon the type of application/request being submitted.

Please complete the payment page as directed.

Fees and Payment

Below is a summary of fees and/or charges due for this particular application or filing. The options available for payment are set out below.

Please note the following with respect to the option to pay later:

- Your application or filing will not be processed by FCNB staff until payment is received and processed in our office.
- Please ensure that you send a copy of the Fee Summary, identifying the Transaction ID for this application or filing, with your payment. You will be able to download this at the next step, as well as at a later time by accessing the "Manage" button for this application or filing.
- If you do not wish to use your credit card online, you may call FCNB staff and provide your credit card information over the phone. Please ensure you have your Transaction ID which is available on the next page.

Please select the option of your choice and click "Next" to proceed.

System messages

After successful submission, the system will send an email to the email address associated with your account, advising you of this fact. If the status of your application/request changes, as a result of the processing of your application/request, you will receive a further email. This may result in a request to correct your application/request, to upload correct or additional documents, or to advise that your application/request has been approved or rejected.

You can then sign in to the system and either provide further information, upload documents, view your approved application/request, or download approved licences (if applicable).
