

FOR IMMEDIATE RELEASE

brij to present Oracle's JD Edwards at 19th Vendor Shootout™ for ERP event in Atlanta, February 19-20, 2014

Moderated by Technology Evaluation Centers, the Vendor Shootout™ for ERP is the nation's premier event for Enterprise Software evaluation, comparison and selection for manufacturers and distributors.

Greensboro, NC– January 20, 2014 – Established in 2007, the Vendor Shootout™ for ERP is the nation's first and longest running event focused on simplifying enterprise resource planning (ERP) software evaluation, and selection. Geared toward ERP selection teams and decision makers for companies with manufacturing and distribution requirements, this premier event is ideal for businesses that are budgeting for or are currently evaluating an ERP software upgrade or replacement.

The goal and focus of this event is to provide a neutral platform for the comparison of top Tier I and Tier II ERP solutions. As a premier sponsor of the event, brij, , a Gold level member of Oracle PartnerNetwork (OPN), will perform several live scripted demonstrations of Oracle's JD Edwards EnterpriseOne solution over the course of the two-day event. In addition to product demonstrations, Vice President, Richard Garraputa, will provide a keynote presentation focused on ERP implementation myths and best practices for successful projects.

When asked about brij's continued success with the event, Richard Garraputa responded, *"Oracle's JD Edwards EnterpriseOne is the only ERP solution available, truly designed for mid-sized Manufacturing and Distribution companies that addresses the real reasons why companies are replacing their legacy systems. While other ERP solutions cobble together a total solution with third party bolt-ons or partner customizations, Oracle's JD Edwards EnterpriseOne provides the out-of-the-box functionality you need to manage the complexities of your supply chain with all of the tools and technology you need to quickly deploy a modern web-based user interface, robust end-user graphical reporting and integrated workflows."*

For additional information, sponsorship opportunities or to register for the upcoming Vendor Shootout™ for ERP on February 19-20, 2014 in Atlanta, Georgia, visit www.erpshootout.com or call 877.907.2702. Early bird and group rates are currently available. However, space is limited.

About brij Image & Information:

Based in Greensboro, North Carolina, brij is one of the country's oldest Oracle JD Edwards reseller partners. About Vendor Shootout™ for ERP

Created in 2007 by brij Image and Information, the Vendor Shootout™ for ERP has helped to simplify software selection for hundreds of companies throughout the US and abroad. brij's goal was to create an event where qualified manufacturing and distribution organizations could come and witness multiple ERP packages in action, without sales pressure. What started as a unique concept, has grown into an international brand that has and will continue to change the way manufacturing and distribution organizations approach their software selection projects.
