Synergy Resources presents Infor ERP VISUAL ERP at the 5th ERP Vendor Shootout™

An event for mid-sized companies with manufacturing, distribution, and project-oriented requirements to determine “short list” when evaluating Enterprise Resource Planning (ERP) Software

GREENSBORO, NC – August 3, 2009 – For the 5th time, [Synergy Resources](http://www.synergyresources.com) will be participating in a side by side comparison of [Infor ERP VISUAL](http://www.infor.com/erpvisual) with their toughest competitors in the ERP Vendor Shootout in Baltimore, MD on September 23-25, 2009. The World’s Top Enterprise Resource Planning (ERP) solutions will be presented, giving companies who are looking to replace their ERP system a quick and less costly method to develop a short list of vendors.

The targeted audience for this event is mid-sized manufacturing, distribution and project-oriented companies who are considering an ERP software selection or upgrade.

Technology Evaluation Centers (TEC) of Montreal, Canada will serve as the moderator of the event and each of the ERP packages will be represented by an official Value Added Reseller within the region.

The goal of the event is to simplify the ERP software selection process. This event alleviates some of the painful inefficiencies of the selection process by coordinating onsite software presentations and delivering them in a one and a half day event. End-user attendees will participate in a series of scripted demos from resellers, gaining a side-by-side, comparative view of product functionality, user interfaces, and overall usability. The event will also feature a networking cocktail hour to conclude the day.

For additional information or to register for the ERP Vendor Shootout™ visit www.erpshootout.com or call **877.907.2702**.

About Synergy Resources: Synergy Resources provides leading edge enterprise and manufacturing software solutions and services to manufacturing and distribution companies. Serving the New England and Mid Atlantic State Region and with offices in New Hampshire, New York and Maryland, Synergy Resources has the depth and breadth of knowledge and the expansive geographical reach to guide our customers through successful implementations that enhance productivity and increase profitability. Synergy Resources' multi-disciplined teams include experts in financials, manufacturing, warehousing, and technology. Our customers can rely on our experienced industry veterans to lead their implementations from conception to successful completion.

Rather than offering a product line from a variety of disparate providers, Synergy Resources focuses on providing software solutions from a single ERP vendor, Infor. This focus has allowed us to become experts in using Infor’s solutions to solve the business problems our customers face every day. Synergy Resources had been a reliable source for selling and servicing Infor’s powerful VISUAL product since 1992.
