Dear Pastor,

It's a jungle out there, Father... and the parents with preteens in our parish need your help to navigate the growing up process. Respect Incorporated is available to offer new programs for our parish to host for *parents with their pre-teens*.

These new audio-visual programs include:

- the whole-person approach to puberty education
- separate presentations for boys than for girls
- audio-visual presentations with discussion time between each video segment to enable parent and child to discuss these important topics with each other
- age appropriate information for 9-12 year olds on the biology of puberty but does not include conception or fetal development. (Part II will be ready next year)
- a group question and answer session with a top-notch chastity speaker

Each two-hour session will teach:

- the beauty of creation and some theology of the body
- the physical and emotional changes that occur during puberty with a healthy response physically, emotionally, mentally, socially and spiritually
- the virtues and morals that preteens need to acquire during adolescence and how parents and teens can work together on growth to maturity

The boys presentation is entitled "*Strong, Smart and Pure*" and the girls presentation is entitled, "*Truth, Beauty and Life*." The audio-visual scripts were developed by the international leader in chastity education, Coleen Kelly Mast, M.S., D.H.L.

To book our parish presentation, we only need to return the attached request form to Respect Incorporated. If you have any questions, you can call the Respect Inc. office at 877-673-7732 or see the website at www.sexrespect.com

"Assisting parents of adolescents and youth in the formation of their children for chaste living is essential to their formation in the Catholic faith and should be mandatory in Catholic schools and in parish religious education and youth ministry programs."
