ERP Reseller, Synergy Resources presents Infor ERP VISUAL at the 4th ERP Vendor Shootout

An event for mid-sized companies in the manufacturing and distribution industries to determine “short list” when evaluating an Enterprise Resource Planning (ERP) Software Partners

GREENSBORO, NC – February 25, 2009 – For the 4th time, **Synergy Resources** will be participating in a side by side comparison of the Infor ERP VISUAL solution with five of their toughest competitors in the ERP Vendor Shootout in Charlotte, NC on March 26, 2009. Six Enterprise Resource Planning (ERP) solutions will be presented, giving companies who are looking to replace their ERP system a quick and less costly method to develop a short list of vendors.

The targeted audience for this event is mid-sized manufacturing and distribution companies who are considering an ERP software selection or upgrade.

Technology Evaluation Centers (TEC) of Montreal, Canada will serve as the moderator of the event and each of the six ERP packages will be represented by an official Value Added Reseller within the region.

The goal of the event is to simplify the ERP software selection process. This event alleviates some of the painful inefficiencies of the selection process by coordinating onsite software presentations and delivering them in a one day event. End-user attendees will participate in a series of scripted demos from resellers, gaining a side-by-side, comparative view of product functionality, user interfaces, and overall usability. The event will also feature a keynote speaker at lunch and a networking cocktail hour to conclude the day.

For additional information or to register for the ERP Vendor Shootout visit www.erpshootout.com or call 877.907.2702.

About Synergy Resources: Synergy Resources provides leading edge enterprise and manufacturing software solutions and services to manufacturing and distribution companies. Serving the New England and Mid Atlantic State Region and with offices in New Hampshire, New York and Maryland, Synergy Resources has the depth and breadth of knowledge and the expansive geographical reach to guide our customers through successful implementations that enhance productivity and increase profitability. Synergy Resources' multi-disciplined teams include experts in financials, manufacturing, warehousing, and technology. Our customers can rely on our experienced industry veterans to lead their implementations from conception to successful completion.

Rather than offering a product line from a variety of disparate providers, Synergy Resources focuses on providing software solutions from a single ERP vendor, Infor. This focus has allowed us to become experts in using Infor's solutions to solve the business problems our customers face every day. Synergy Resources had been a reliable source for selling and servicing Infor's powerful VISUAL product since 1992.
