

Steps to download the app to your cell phone home screen

1. visit www.moldscience.solutions.com
2. scroll to bottom of page. Enter your e mail address. Click Get the app
3. Confirm humanity by ticking the box to say you are not a robot. Click subscribe to list

Two e mails will be sent to you.

First is an e mail simply confirming we got your info

Second, and the one you want, contains a link to reach our app. Click the link to access our app

You will now see the app and it is live via web. You still need to get it onto your phone to use many times and for demonstration

4. Click the first icon on your screen at bottom under the app. It looks like a box with an up arrow
5. Select add to home screen from icons on bottom row
6. Click ADD on top right corner.
7. You are done. You will now find the app on your home page. Look at the last page of all of your apps. You can use and reuse. If you want to save any data just take a screen cap
