The Magician White Wine

Mastering The Great Trick of Blending

California's Most Interesting White Blend

12.0 alcohol .6 Total Acidity 3.3 ph California

2013

"The universe is full of magical things patiently waiting to be discovered."

The Blend: Chardonnay is blended with other white grape varieties to create a crisp, surprisingly fresh white wine. Drink it now - but it will taste great for many months to come. Priced to be a perfect summer "patio pounder", Magician White is filled with the aromas of apricots, green apples and peaches.

The Package: After years of study the findings conclude that the Stelvin closure is as good as, if not better than cork. We know one thing - it is easier to open.

A comment about white blends: Blends are nothing new. They have been around since the beginning of wine. What are Champagnes, Bordeauxs, Rhones, even Ports if not blends? It is odd that most Americans think blends are inferior to varietals. All winemakers know that the blend is always superior.
