

KeepSafe Cashier A5 tamper evident bag

A multi-purpose single use bag for situations requiring secure storage and depositing of cash, featuring:

Silver tamper evident closure, resistant to all common methods of attack.

Tough security plastic film for maximum tear and impact resistance, ensuring contents remain secure and protected inside the bag.

Ti-seal triple side seals give extra strength and tamper evidence.

Closure indicator reduces the risk of incomplete closure. Clear closing instructions help ensure complete closure.

Easy-fill mouth configuration makes the bag easy to use.

Track and Trace, unique bag numbering provides a chain of evidence and a detachable receipt portion allows easy traceability.

Clear instructions on what to do if the bag has been tampered .

KeepSafe bags are **100% recyclable**.

SUGGESTED APPLICATIONS:

Sole proprietors to international retail chains.

“Till-skimming” when cashiers’ till reaches a certain limit, cash is quickly and easily skimmed into the Cashier A5 bag.

Floats – Cashiers can top-up their tills with a predetermined cash breakdown.

Multiple shift cash processing – each teller can quickly, easily and securely balance their tills.

Transit companies, bus, train ,taxi and airports.

Secure carriers/couriers.
