From the Pastor

A man was driving an old Ford on a lonely road when it chugged to a stop. He was at a loss to know what to do, because he knew little about cars. He got out, put the hood up and began to tap here and there, and jiggle different wires. Nothing helped. He heard the roar of a car coming toward him, and he looked to see a beautiful new car coming. The driver was nice enough to pull over and approach the man to ask, "What's the trouble?" "Oh," he said, "I can't get this old Ford to go." "Well," replied the man, "Let me see." The man began to examine the motor and then asked, "Do you have a screwdriver?" After adjusting some things, he got in and started the old Ford right up. "Say, thanks a lot! That's great. Who are you?" The man replied, "Well, I'm Henry Ford. I ought to know a little bit about this car we made."

As I read this story I thought about our God, the only true God and the Creator of the world. We often forget that in prayer we are coming to the Creator who knows and understands everything. He is never too busy to listen and always knows exactly what to do. Praise the Lord for our great God.

May God bless you today.

For Him, Pastor

MISSIONARY HIGHLIGHTS

Sam & Janet Grammer (sgrammer@q.com); Arizona—to the Navajo Indians

The last Saturday in September, we were invited to join the Johnson family for their annual family trail ride in memory of family members that are now gone. We met the riders at the family gravesite where Sam was asked to speak. Then we went to lunch for a surprise retirement party as Paul's daughter retires from the Air Force and Sam was asked to speak again. During the day, there were four who responded to become a member of God's family!! It was a great day and we were blessed to have a part in it.

A few years ago, while ministering in Page, you may remember that the road we would travel slid off the side of the Mesa. On October 3, after a heavy storm, the desert land couldn't stand up to all that water and just "washed out" part of Highway 89 on the Navajo Reservation and this time even resulted in a fatality. This road was closed "indefinitely" but the road crews got right on it and it was ready for use a few days later. They estimate over 1,500 vehicles travel that road daily, including school buses, emergency vehicles, Grand Canyon tourists, and locals traveling to Flagstaff for jobs. The Navajo nation annual fair was scheduled for that next week-end. Guess that gave them incentive to hurry and they finished in a week. We are so thankful, because we use that road weekly for the Bible classes in Tuba City and the detour was 192 miles. We travel a lot, as we minister, and appreciate the prayers for safety-especially now with the winter coming on. We have already had snow twice at our home this month and the winter roads in the mountains can sometimes be a challenge.

For the rest of the story, full copies of the updated letter is available in the church foyer...
