

The Magician

Lot 16

A California Red Blend

13.5 alcohol .63 Total Acidity 3.5 ph California Off Dry

The universe is full of magical things waiting to be discovered. Walking with a grower in his vineyard, I discovered grapes I had never heard of. Blended they create a wine that is complex with extremely soft tannins. It is rich in dark fruits, light oak, and exotic spices.

The unusual combination of rare and unknown grape varieties used in this blend limits our production. Our wines are multi-vintage because these types of blends simply taste better, are more interesting and make winemaking more exciting. Many of the most luxurious wines in the world are multi-vintage blends.

The varietal percentages of the Magician change based on Lot. The grapes most often used are Cabernet Dorsa, Maxine Rouge, and Dornfelder. Taste and enjoy a wine made from grapes few wine experts have ever tasted.
