INTRODUCTION

Tabernacle Christian Childcare and Learning Center is a North Carolina State Licensed Child Care Center and ministry of Bible Baptist Tabernacle.

We offer **Full Child Care**. This is a year-round full day program providing care from 6:30 a.m. to 6:00 p.m., five days a week for ages six weeks-five years or until kindergarten.

Preschool is a half-day program for K4 and K5 students. Our **K4 program hours** is from 8:20 a.m. until 11:30 a.m. Our **K5 Program hours** are from 8:20 a.m. until 3:15 p.m. We offer extended care options throughout the academic school year for children enrolled in our K4 and K5 program.

Our Unconditional Guarantee

Choosing child care is a huge decision. At Tabernacle, we are serious about providing the very highest quality Christian early childhood education for each child entrusted to our care. Giving each child individual “Tender Loving Childcare” is more than just a slogan, it’s a PASSION.

At Tabernacle we want to develop trust with all of our parents. We want you to feel extremely comfortable that your child is receiving the very best care available from a “Tender Loving Staff.”

This is why we offer an **UNCONDITIONAL SATISFACTION GUARANTEE**. We have a commitment to your family and are confident you will be completely satisfied with your child’s happiness, learning, and care received at Tabernacle. We have risen to the occasion to make you feel as comfortable as possible.

If you are not completely satisfied with the “Tender Loving Childcare” provided after four weeks at Tabernacle, we will refund 100% of your tuition. “No Strings Attached.”

The **Unconditional Satisfaction Guarantee** is applicable only to newly registered families who begin full-time enrollment at Tabernacle Christian Childcare and Learning Center. The **Unconditional Satisfaction Guarantee** is subject to the following conditions:

- A family who has or has had a child previously registered at Tabernacle is not eligible for the Guarantee.
- The child must attend a minimum of 16 days within the four-week trial period.
- Tuition cannot be delinquent. (All tuition must be paid one week in advance.)
- Our Summer Program, and part-time enrolled children are excluded from this guarantee.
- Notification for disenrollment must be in writing and the Tabernacle Christian Childcare and Learning Center’s **Notification of Disenrollment** form entirely **completed** and **submitted** to the office **BEFORE** the end of the four-week trial period.

All withdrawn children meeting these requirements are eligible for reimbursement. Tabernacle Christian Childcare and Learning Center will mail a refund check totaling of the 100% of the tuition paid per child withdrawn within 30 days of the receipt of the **Notification of Disenrollment** form.

Our Purpose

The purpose of Tabernacle Christian Childcare and Learning Center is to provide children with a Christ-centered developmental program in a Christian environment. By instilling in our children the proper Christian philosophy of life, we strive to prepare them for living in today’s changing society.

Our Goal

The goal of Tabernacle Christian Childcare and Learning Center is to daily give children a Christ-centered life, seeking to equip them with the knowledge they need to successfully begin school. We believe “the fear of the LORD is the beginning of knowledge,” and that all subjects should be taught in the light of the Bible. Tabernacle Christian Childcare and Learning Center is dedicated to reaching children for Christ, and grounding them in the faith. It is extremely important that the love of Christ be shown to each child that is under our care.

Our Philosophy

We believe it is crucial to develop the entire child in order that they may be what God designed them to be. This development is comprised of four foundational areas: Spiritually, Intellectually, Physically, and Socially. We have plans and objectives designed to aid in this development.

Spiritually

- Our goal is to lead each child to acknowledge Jesus Christ as his / her personal Lord and Savior.
- We teach children songs about principles and characters.
- The Bible is read to children each day.
- We are committed to teach the Word of God and help children learn and apply Christian principles in their everyday lives.

Intellectually

- We strive to create an early interest in the working knowledge of basic academic skills.
- We believe that each child has the right to be equipped with the knowledge needed to be successful in learning and communication before entering elementary school.
- We aim at meeting children's individual needs and preparing them to learn to their maximum capacity.
- Through creativity and exploration, we guide children into developing their own personal independence.
- We teach knowledge in light of the truth as revealed in the Bible.

Physically

- We provide the opportunity for physical activities that will meet the needs of each individual child.
- We assist children in developing good health habits, principles of dress and appearance, and an attitude of good sportsmanship.
- We train children to develop a desire for wholesome physical recreation.
- We provide opportunity for the development of skills in controlling emotion through physical activities.

Socially

- We help children develop good attitudes and manners. We encourage them to use these skills in their everyday lives.
- We train children to recognize and respect the desires and needs of others.
- We teach children to get along with other people who may hold many diverse views.

Hours of Operation

Our Center opens at 6:30 a.m. and closes at 6:00 p.m. Monday – Friday. Parents are encouraged to leave their children in day care for no more than 9½ hours per day.

Arrival and Departure Policy

In order to **maintain the most suitable schedule for the group**, we ask that no child arrive later than 9:30 a.m. In the event of an emergency, doctor's appointment, or variation in your schedule, please call the office as soon as possible so that we may plan our staffing and lunch count.

Arrival Procedure

- An adult **MUST** always walk the child to the room and be sure the teacher knows the child has arrived.
- The child is **NEVER** to be left unattended.

Departure Procedure

- An adult **MUST** come to the teacher to notify the teacher that the child is leaving.
- If the children are on the playground in the afternoon when the parent comes, be sure his/her teacher knows you are getting the child, then, go by his/her classroom to get their belongings.
- Authorization is required when anyone other than adult(s) designated on the child's application.

- If the teacher does not recognize the person picking up the child, a picture ID is required before the child is released.
- If it is strongly suspected that the person picking up a child is under the influence of alcohol or drugs, we reserve the right to keep those children at the center until another form of transportation can be arranged. The police will be notified if need be.

Late Pick Up Fee:

A fee of \$1.00 per minute per child is charged after 6:00 PM. Habitual late pick up can result in your child's dismissal from the program.

Services

Tabernacle Christian Childcare and Learning Center cares for and teaches children from infancy (6 weeks) through K5 (5 years of age). We also provide afterschool (after 3:15 p.m.), Tabernacle Christian School workdays (excluding holidays), and summer care for children through 12 years of age.

Curriculum

We use only the best learning materials for each age group. We use the Active Learning Series for Infants and Toddlers. We then use the reknown Abeka curriculum for ages 2-5.

We work with the individual child to strengthen his/her weaknesses and recognize and encourage his/her strengths. We allow children to learn from activities, from exploring real objects, talking with others and solving real problems (such as how to balance a stack of blocks), so the child will be able to say "I did it!" with pride and confidence.

Teachers are required to create a detailed daily schedule. The schedules are designed to meet the needs of the preschoolers as well as to provide nurturing and educational enrichment opportunities.

Daily Schedules

Schedules vary according to age and developmental ability. Daily Schedules are posted in each classroom.

Naps

The Children in Full Care are given an opportunity to nap no less than 1½ hours each day. Children must rest but do not have to sleep. Infants have a rest time according to their individual needs. A mat and sheet is furnished by the center. The mats and sheets are sanitized once per week. No child EVER sleeps on another child's mat. The crib sheets in the nursery are changed daily. Each child may bring a favorite blanket or pillow to nap with. It is the responsibility of the parent(s) to take the blanket/pillow home to be laundered once per week.

Outdoor Play

State law mandates that each child is given an opportunity to play outdoors on a daily basis. Infants and toddlers are given 45 minutes of outdoor play. 2-year-olds and up are given a minimum of 1 hour of outdoor play.

Videos

The use of media, such as television and videotapes, is extremely limited to developmentally appropriate programming relating to the curriculum. State laws mandate that infants, toddlers, and K2 children (under 3 years of age) are not permitted to watch any videos at all. All children 3 years and up are allowed to watch no more than 30 minutes per day. **There are very few exceptions for special days (please see the office for any questions).

Accreditation, Licensing and Staff

Our center is certified with the NC Division of Child Development. We voluntarily meet all required staff/child ratio, and health and sanitation guidelines.

Our staff is continually involved in training opportunities with all employees meeting or exceeding the annual state training requirements.

Inclement Weather

We make special efforts to provide child care in bad weather. However, sometimes for the safety of your family and our staff, we may decide it is best to close. If our child care center is closed due to weather, parents and staff will be notified via our Tadpoles class management system. Tadpoles will send a text and/or email to the address/phone numbers you have on file. You may also check our Facebook page (facebook.com/tlcmonroe.com). We will always make sure this crucial information is available to you.

If it starts sleeting or snowing during the day, we may need to close early. If a decision to close early must be made during the workday, the Director will make the decision. An email and text message will be sent so you can come quickly to pick up your child. We want to assure safe travel for everyone.

There is no reduction in monthly fees when snow/ice or other natural disasters occur.

Enrollment

Once a spot is offered to a family, they will meet with the Director, be given information, and pay the initial registration fee and tuition. The registration fee and tuition must be received in order to hold a spot for your child.

All of the following admission forms must be filled out before a child may attend:

- Application
- Photo Release Form
- The Discipline Policy
- An immunization record and physical is required **at enrollment**.
- Feeding Schedule (under 15 months)
- SIDS Policy (under 12 months of age)
- Shaken Baby Syndrome Policy
- Tobacco Policy

All of our forms are available on our website under the FORM's tab under the ADMISSIONS' heading

Withdrawal Policy

We require a two-week written notice for the withdrawal of your child from the program. You must fill out a *Notification of Disenrollment* form. You are responsible for the tuition through the time of the two-week's notice or until the last day the child attends if an extended withdrawal notice is given.

**The only exception to the two-week notice is in the initial four-week trial period.

Payment of Fees

Due Date Weekly payments are due ***in advance*** on the Friday prior to child care services being performed.

Late Fee **Payments not received by 6:00 p.m. on Monday following the due date will incur a late fee of \$10.** **Children will not be allowed to return daycare if payment is two (2) weeks late.

Returned Check Fee (\$35.00)

Absences **Credit will not be given** for absences unless the child has been hospitalized or in otherwise seriously ill, at which time credit will only be given for a full week of absences.

Closed Days We must have payment for the full week, even though the Center may be closed for one or two days during a given week for holidays or inclement weather. We will never be closed more than two days in one week for holidays.

Holidays

Tabernacle Christian Childcare and Learning Center will be closed in observance of the following holidays each year. You may obtain a copy of the schedule of holiday dates for the current year from the office.

- New Years 1 Day
- Easter 1 Day
- Memorial Day 1 Day
- Independence Day 1 Day
- Labor Day 1 Day
- Thanksgiving Day 2 Days
- Christmas 2 Days

Child Vacation

A one-week allowance will be given for vacation each year. Vacation must be taken for a full week. Vacation may not be taken in days, and the child(ren) may not attend any day of a vacation week. Vacation may only be taken after the child has been enrolled for six (6) months. Please notify the office with the dates of your intended vacation so it may be noted on your payment card.

Clothing and Personal Belongings

Parents are asked to dress their children so that they will be comfortable. Buy clothing that is washable- better still, use old clothing which will better accommodate the inevitable accidental stains such as paint, markers, dirt, etc.

Dress Code

- **Infants and Toddlers** may wear suitable baby clothing, including shoes.
- **Diaper or pull-up wearers** need to wear easily accessible clothes; overalls need snap legs, etc. Children potty training need pants with no zippers, snaps or buttons! Pull-ups need to have Velcro straps on the side. **Also note – our child care center will not provide diapers or pull-ups.
- **Girls ages 2 and up** are requested to wear dresses of modest length, pants or knee-length shorts. Short-shorts, halter-tops, or skirts bearing midriff are not suitable
- **Boys** may not wear their hair excessively long. Boys may not wear earrings or other traditionally effeminate jewelry.
- **Printed Shirts** with rock bands, wrestling, violent or vulgar images or writing will not be permitted.
- **Parents** are asked to not wear clothing or shorts **above the knee** on this property.
- **Change of Clothing is required** in compliance with **State Laws**, all children must have at least one complete change of clothing in his/her cubby in case of an accident during the day. This should include underwear, pants, socks and shirt.

All belongings (clothing, bottles and lids, diaper bags, blankets, etc.) must be marked with the child's name.

Please send only plastic bottles and feeding containers. All food and bottles must be labeled and dated. State sanitation rules state in Article 2804 (e) Food Supplies: "Formulas, mother's milk and juices sent from home shall be fully prepared and identified for the appropriate child at the child's home. Commercially prepared baby foods shall be served from a serving dish rather than the food jar." Please bring a security item (blanket or stuffed animal). Toys are available at the center to be used by all children. Infant and toddler toys are washed daily by the staff.

Nutrition

Children on table food - For those children on table food, our center provides a morning snack, hot lunch and an afternoon snack in the state approved kitchen. This food is included in the tuition. Outside food is only allowed to be brought into the classrooms in cases of allergies, special dietary needs or classroom celebrations. We are required by child care guidelines to use meal patterns. If you would like to provide an alternative food or drink for your child in place of one of the components, please speak with the Director and provide a written notice regarding your child's special nutritional needs.

Infants who are still on formula and baby food will need to bring their food daily. As soon as they can eat table food and drink whole milk and juice, we will provide all meals for them as well.

Emergency Medical Care Plan

The Center's emergency medical care plan is posted outside the office and in each classroom. In the event of a medical emergency involving a child, the parent(s) will be notified immediately. A staff member certified to administer first aid and CPR is always on the premises during operating hours. If a child needs medical attention (other than first aid), the child will be transported to Union Regional Medical Center's Emergency Room unless otherwise specified by the parent(s) in writing on the child's application.

Emergency Notification

In case of an emergency, it is critical that the center has an up-to-date file with correct addresses, phone numbers and email addresses for both parents and two other possible contact persons. An emergency medical treatment form and card must be signed by the parent.

Discipline

Statement of Discipline Policy

We plan an environment where children can be successful and feel good about themselves. Our room and play spaces are designed with equipment and activities that continually engage the children. Busy and active children require little discipline.

The techniques of distraction, redirection, spoken restrictions, removal from activity or "time-out" will be used when guiding children away from undesirable activities such as biting or fussing over toys. Biting and hitting are natural behaviors for toddlers. Preschoolers respond to praise and positive comments for acceptable behavior. We discipline the act, not the child.

North Carolina Administration Code Rule 3V.1802 states that the parent must sign a statement that the center's discipline policies were discussed. The rule further states:

1. No child shall be handled roughly in any way, including shaking, pushing, shoving, pinching, slapping, biting, kicking, or spanking.
2. No child shall be placed in a locked room, closet or a box.
3. No discipline shall ever be delegated to another child.
4. Discipline in no way shall be related to food, rest, or toileting.
5. No food shall be withheld, or given, as a means of discipline.
6. No child shall ever be disciplined for lapse in toilet training.
7. No child shall ever be disciplined for not sleeping during rest period.

We know that a great deal of patience and understanding is needed as children mature. Problem characteristics often apparent in preschoolers are temper tantrums, negative behavior, and aggressive tendencies.

Discipline Procedures

Teachers will talk with the child about what happened and why it is not appropriate. Direct and strong verbal guidance is most appropriate for toddlers and twos who do not fully understand "time-out".

If the problem continues after distraction, redirection, etc., the middle or older preschooler might be placed in "time-out." This time consists of 5 minutes or less in an area of the room with the children. (Length of time will be

appropriate for the age of the child.) If the behavior continues, the child may be removed from the class to talk with the Director.

The director, assistant director, or teacher will notify the parent if the problem continues and a conference may be scheduled. The teachers and the director assess the problem by conducting observations and documentation. They will plan a program with the parents to reach goals to help the child work through the problems.

If it is decided that a child is not able to function in group-care or if the family refuses to cooperate in the process, we will request that he/she be removed from the program.

Biting Policy

Every effort is made by our staff to keep children from biting; however, we recognize that biting is not uncommon among young children and that occasionally biting does not necessarily indicate that a child has an emotional or behavioral disorder. However, repetitive biting is a matter that causes concern because of the pain, health risk, and classroom disruption it causes.

Whenever a biting incident comes to the attention of the center, the incident will be recorded on an incident report. The parents of ***both*** the biting child ***and*** the bitten child will be notified of the incident. The parents of the bitten child will not be given the name of the biting child due to confidentiality. (Although, we realize that is the first thing children usually announce!) All children have up to date immunizations on file at the center (unless religious beliefs prohibit immunizations).

If the child continues to engage in biting, the center will develop a strategy with the child's parents in an attempt to discourage the biting. The strategy will vary depending upon many factors, including the age of the child, the frequency of the biting and the amount of harm inflicted on others. The strategy developed by the center and the parents should strike a balance between demonstrating patience and understanding in the child's behavioral development and providing a safe and appropriate environment for child development.

The following are our procedures regarding subsequent episodes of biting:

<i>First Episode</i>	Call and Note to the parent(s)
<i>Second Episode</i>	Conference with parent(s)
<i>Third Episode</i>	Parent/Staff together develop of plan of action to deter this behavior
<i>Fourth Episode</i>	Child is excluded from our day care for 1 week.
<i>Fifth Episode</i>	Child may be permanently dismissed from our day care.

If the strategies do not work and/or the biting becomes intolerable, the center reserves the right to suspend or dismiss the biting child.

Potty Training

Teachers and parents will work together when signs of readiness show that your child is ready to be potty trained. Our K2 classes are the primary groups to which this applies. Children are more stressed about going to the potty if clothing is hard to manage. Potty training is a process and does not happen overnight or even in a week! It is a process that is unique to each child. It is imperative that parents and teachers work together to meet the needs of the children.

Potty Training Necessities

- Children who are potty training need loose elastic type pants that they can manage by themselves.
- Disposable diapers will need to be brought until he/she is able to tell the teacher EVERY TIME he/she needs to go potty. **Due to sanitation requirements no cloth diapers are allowed.**

Before entering K3 your child must be completely potty trained (including naptime).

What To Bring and Not To Bring

Each teacher notifies parents of what they are responsible for bringing for their child's use while at day care. Please be prompt in bringing these items. Please do not allow your child to bring toys from home or other items which may be of value. Items from home may get broken or misplaced. We ARE NOT responsible for any items of this sort which are brought from home and not returned in the same condition.

Children may bring toys or other items from home if the teacher instructs him/her to do so for a show-n-tell day or other special occasion.

Birthdays and Parties

There are several occasions during the year we celebrate with parties.

- If you would like to have a party in the room to celebrate your child's birthday, please talk with the teacher first and coordinate with her!
- Please see the teacher if you would like to help with a classroom holiday or other type of party. We value parent involvement and participation!
- **NO BALLOONS of any kind** are to be sent in for any occasion. They are a safety hazard that are forbidden by State law; children can choke on them.
- **Per State law, to ensure quality and safety, all food and drink items must be store or bakery bought and contain no tree nut or peanut products.**
- Having a party is fun! We also want to still encourage good eating habits and therefore ask that if you bring a treat to your child's class, please do it in moderation. Just a cookie or cake or ice cream, but not all three. Little cupcakes are better than huge ones. Small portions are encouraged. According to state rules, we must still serve our regular snack with any non-nutritious treats.
- Invitations to parties outside the center must be mailed home or if given at school, given to the entire class.
- We strongly discourage "home-based" or "location-based" parties during school hours. It is hurtful to children who were not invited, and we do not want children to be put in that situation at this young age.

Health Regulations

Immunization and Physicals

All children entering the center must have documentation of current immunizations as they occur so the center's records are kept current. This is a requirement for licensing. Immunization and health records shall be updated every six months for infants until they reach the age of 24 months. Immunizations and health records shall be updated annually for children ages two to five.

Religious objectors to immunizations must complete a form to affirm they object to immunizations; however, the state mandates that certain precautions are made to make sure that these children are kept safe as possible when they are exposed to certain diseases.

Medications

At enrollment, all medications for children enrolled in the center must have specific instructions and written permission for administering the medication. **A *Medicine Slip* must be completed by either the parent or a physician and must include:**

- For whom the medicine is prescribed.
- How much is to be given.
- How often (**using the term "as needed" is against State law**). Specific times or specific symptoms **MUST BE** listed on the Medicine Slip.
- For what length of time.

According to child care guidelines, diaper creams, powders, and sunscreens are considered medications. Please apply sunscreen to your child before he or she arrives in the morning. We can reapply sunscreen and apply diaper cream that you provide when needed if you sign a permission slip in your child's classroom. These products must be up-to-date and permission is required every six months.

Prescription Medicines (must be accompanied by a Medicine Slip):

- Must be in original container bearing the original label.
- Must have complete instructions on the label or be accompanied by written instructions from a health professional, which includes instructions from above.
- Must have a parent medicine slip signed.
- Must be administered only to the person for whom it was prescribed.
- Cannot be administered after its expiration date.

Over-the-Counter Medicine (must be accompanied by a Medicine Slip):

- Should have the individual child's name written on the bottle.
- Can be administered only to person specified in written instructions from the parent.
- Must have a signed and dated statement from the parent before the medicine may be given to the child. If the bottle of over the counter medicine says not to administer to children under a certain age without approval from a physician, the center must also have signed instructions from a physician/health professional. ***Furthermore, it is always the operator's option to refuse to administer medication.***
- Cannot be administered after the expiration date.

EXTREMELY IMPORTANT: Instructions must be followed when administering all medications. Medication must not be administered in any manner contrary to the instructions on the bottle or the physician's instruction.

We are not able to give regularly scheduled injections.

Medicine must always be handed from the parent to the teacher, who will in turn lock it in a cabinet in the classroom. **NEVER leave medicine in your child's bag.** It is a safety and health violation.

Leftover medication will be returned to parents after treatment is complete. Medicine can be kept and given to a child only for the length of time noted on the instructions, and never after its expiration date.

Medications must be in a separate locked storage area as required by the sanitation and health regulations. A separate storage could be a box, a cabinet, a closet, etc. as long as it is locked. "Separate storage" means that it cannot be the same storage area where such things as hazardous chemicals and cleaning supplies are kept. (15A NCAC 18A.2820(d)).

Illness

Notification of symptoms: When you are notified that your child is ill, you must pick up your child within the hour to prevent the spread of contagious diseases. We define ill as:

- fever
- diarrhea
- vomiting
- rash
- not being able to participate in daily activities
- Requiring such intense one-on-one care to keep child comfortable that time is taken away from the rest of the class.

For the sake of your child's comfort, a quick arrival is necessary. Your child will be kept as isolated as possible until you arrive.

To keep the spread of illnesses to a minimum, the center has the following policies, most of which require your child to stay home a minimum of one day. For example, if your child is sent home at 11:30 a.m. on a Tuesday, he or she can return at the earliest on Thursday. If your child is sent home, the director or teacher will describe the symptoms observed and inform you when the child may return.

Fever

The center cannot accept a child with a fever. The child's teacher will call the parent to come for their child whenever he/she appears ill and has a temperature over 100 degrees taken under the arm. The child must be free of fever without the aid of medication for at least 24 hours before returning.

Diarrhea

Whenever a child has a very loose bowel movement accompanied by nausea or if he has two loose bowel movements within an hour, parents will be contacted to get him. The child should be free of diarrhea without the aid of medication for 24 hours before returning to the center.

Vomiting

Whenever a child vomits at school, the parents will be called to come pick up their child. The child should be free of symptoms without the aid of medication for 24 hours before returning to the center.

Colds

If the child comes to the center with a cold, he/she should be able to follow the daily routine, including some time outside, weather permitting. If the staff feels he is not able to participate fully, they will notify the parent to come get him/her. Green running mucus is generally a sign of infection. Parents are requested to check with the doctor prior to bringing them to school.

Communicable Disease: (head lice, chicken pox, hand-foot and mouth, thrush, fifth's disease, strep throat, etc.)

"Communicable disease" means any disease transmitted from one person to another directly by contact with excrement, other body fluids, or discharges from the body; or indirectly, via substances or inanimate objects, such as contaminated drinking glasses, toys or water, or via vectors such as flies, ticks, or other insects.

If a child has a communicable disease, or serious illness, a doctor's note stating that the infected child is able to participate in the normal routine **and** that he/she possesses no health risk to the other children or caregivers in the room will be required. Please call the center with the diagnosis as soon as possible so the other families can be notified that their children may have been exposed. Confidentiality will of course be maintained.

We strongly encourage families to always err on the side of caution when deciding to keep their child home. Children that are sent back to school too early can quickly relapse and that can strain a family by adding even more days of having to stay at home!

Post Hospitalization/ Anesthesia

If your child has been hospitalized or been under anesthesia, we ask that you bring a written doctor's release clearing your child to return to day care.

Child Abuse

By North Carolina law, caregivers are required to report suspected cases of child abuse and neglect. If such cases arise, the alerted staff member will report it to the Director, who will in turn notify the Protective Services Unit of the Department of Social Services.

After-School Care

Rate information for all After-school Care, Summer Camp, and Childcare will be found on the Rate Sheet.

Transportation

We do not provide transportation to and from schools; however, some schools may be glad to bring your children to our child care center to drop them off. ****We must know the time of your child's arrival each day.**

Dress Code

The same dress code for Tabernacle Christian School students is enforced for after-school care students as well. In addition to the regular dress code for our day care, we also require our after-school students to conform to the following standards

Kindergarten and Elementary Girls may ONLY wear colored or denim Skirts. Colored or denim culottes (must be full-cut and to the bottom of knee) are also allowable. NO PANTS for girls.

Kindergarten and Elementary Boys are able to wear ONLY LONG colored or denim pants. No shorts are permitted.
