

REACH THE WORLD. PLANT A CHURCH.

—This October is—
*National Church
Planting Month*

WHAT DOES CHURCH PLANTING AMERICA DO?

MISSION STATEMENT:

To help God-called men plant Baptist churches and to assist pastors in building healthy, dynamic, visionary congregations.

ORGANIZATIONAL OBJECTIVES:

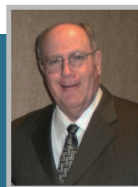

1. To assist Christian educational institutions in encouraging and training men to plant independent Baptist churches.
2. To mentor church planters as they arrive on the field.
3. To help local churches in need of ministry training and motivation.
4. To aid American missionaries and foreign national pastors with church planting.
5. To make available to pastors ministry materials and lay training programs.
6. To facilitate the church planting process by raising funds for church planters.

"I am thrilled every time I hear of anyone who is involved in church planting. This has been my passion for over 50 years. Dr. Charles Shoemaker has been involved in church planting and in training others for that great task. It would be a great step forward if every Independent Baptist would get involved in starting new churches. Churches starting churches is the New Testament Method."

- Dr. Don Sisk
