Glodwyn's Treasure Chest contains twelve charming short stories for children, collected by a gnome. With fairy stories, "dragons" and alligators, time-travelling children, a Firehouse Dog and a Pony which refuses to be ridden, there is something for everyone in this gem of a book.

Sold in aid of the World Literacy Foundation, an international charity which recognizes the link between literacy and conquering poverty, ill health and practices such as child marriage, and seeks to help with basic literacy skills through clever use of modern technology and cloud computing.
