

# The Magician

Lot 15

**California Red Blend**

13.9 alcohol .57 Total Acidity 3.6 ph California

The universe is full of magical things patiently waiting to be discovered. Walking with a grower in his vineyard, I discovered grapes most wine experts had never heard of. Blended they create a wine that is complex with extremely soft tannins. It is rich in dark fruits, light oak, and exotic spices.

The unusual combination of rare and unknown grape varieties used in this blend limits our production. We are not a big winery pretending we are small. We are a small winery wishing we were big. Hand crafted to us means hand crafted. Our wines are multi-vintage because these types of blends simply taste better, are more interesting and extend the limits of winemaking. Several of the most luxurious wines in the world are multi-vintage blends.

The varietal percentages of the Magician change based on Lot. The grapes unique to this blend are Cabernet Dorsa, Maxine Rouge, and Dornfelder. Taste and enjoy a blend of grapes few have ever tasted.
