*Be Careful What You Wish For*, by Lynne North

Finn is a bored young leprechaun. He lives with his mum and dad in a small village named Duntappin, and goes to the local school there. He spends most of his free time with his best friend Dallan, but craves some excitement in his life. Unfortunately, Finn missed out on being blessed by the Good Luck Fairy and soon gets far more than he bargained for. He finds himself a long way from home in the hands of a travelling circus where he is little more than a 'freak' to amuse the customers.
