Mount Zion Baptist Camp Health Policy and Procedures

All prescription medication needs to be turned in at the medical station upon registration. The only exclusions that apply are those medications that need to be in possession of the camper at all times (i.e. EpiPen, inhalers, insulin, etc).

Each camper is to visit the medical station when his or her daily or hourly medication is due. If the camper needs help remembering, please inform his or her counselor.

Our medical stations stock basic first-aid items and over-the-counter medications. We are unable to stock any prescriptive medications, as it is out of our scope of our practice and because we do not have a pharmacy license.

We host two medical stations. One is located at the teen camp vicinity (Lassen Pines), while the other is hosted at our junior camp vicinity (Camp McCumber). Our teams of medical staff are volunteers yet have many years of experience. One member is a registered nurse and another member is a certified paramedic.

The medical stations will be open from 8 am to 6 pm (excluding service times). We will have security personnel available to reach medical personnel in case of any emergency.

First Aid tips for all campers:

1. Campers commonly leave their inhalers and/or EpiPen at home. Each year asthmatic campers have asthma attacks, and unfortunately no medication is at camp to prevent the attack from occurring. Please do not forget these essential items if applicable.
2. Dehydration and electrolyte imbalances: Drink plenty of water and have healthy snacks available. With the camp schedule, climate, and activities, this is vital for a healthy stay at camp.
3. Foot injuries often happen due to improper footwear. Consider flip-flops for the shower only. It is very common to treat campers who have gouged a toe due to running in flip-flops. Please consider bringing tennis shoes for competitions and activities.
