MURDER AT LOFTUS HOUSE, by [Brian O'Hare](#)

Adrienne Davies visits Loftus House, home of her old friend Margaret and her difficult husband Edward. There's no love lost between him and his other houseguests, or indeed his own family. After a tension-packed evening, in the middle of the night someone screams ... A Country House. A Murder. Five suspects. Detective Chief Inspector Sheehan investigates.

This compelling short story can be used as a murder game scenario at parties, or enjoyed as a standalone Jim Sheehan mystery.

From an Amazon review: "A short book, simply and clearly written, Murder at Loftus House is a little gem for all aspiring sleuths." <http://crimsoncloakpublishing.com>
