Vendor Shootout™ for ERP: Arming ERP Selection Teams with Critical Insight to the Enterprise Software Selection Process.

Dedicated to helping manufacturing and distribution companies jump start their Enterprise Software evaluation and selection projects through a comparative view of leading ERP products in the market.

MIAMI, FL– December 10, 2012 – The 16th Vendor Shootout™ for ERP event is ideal for businesses that are budgeting for or are currently evaluating top Enterprise Software systems. Geared toward organizations in the manufacturing and distribution industries preparing for an upgrade or replacement of their current Enterprise Software solution, the [Vendor Shootout™ for ERP](http://www.erpshootout.com) is a one-of-a-kind opportunity to see the top ERP software vendors, all under one roof. Through live scripted product demonstrations from the top Enterprise Software vendors, organizations can accomplish during this two day event, what would normally take months of planning, logistics and organizing.

By attending this unique event, ERP selection teams will be able to create a short list of potential solutions from an elite selection of top Enterprise Software solutions in the market. Moderated by [Technology Evaluation Centers](http://www.technologyevaluationcenters.com) (TEC) of Montreal, Canada, the upcoming Vendor Shootout™ for ERP is scheduled for February 20-21, 2013 in Miami, Florida. Selection teams can get equipped with the knowledge essential to manage their own selection project, or receive personalized guidance to get them through vital project milestones.

The goal of the event is to simplify ERP software selection processes, alleviating some of the painful inefficiencies by coordinating onsite software presentations and delivering them in one event. The scripted demos cover product functionality, user interfaces, and overall usability. In addition to the scripted demos, the event will include presentations on software selection best practices and tools available to help companies narrow their search even further.

For additional information, sponsorship opportunities or to register for the 16th Vendor Shootout™ for ERP, visit www.erpshootout.com or call 877.907.2702. Early bird and group rates are currently available. However, space is limited.
