VSHL on New Abortion Clinic Regulations

Virginia Society for Human Life is very pleased that Governor McDonnell signed the new abortion clinic regulations this week.

The new regulations recognize the inherent danger to the life and well being of every woman that obtains an abortion in the Commonwealth. These new measures will go a long way to protecting the women of Virginia from unscrupulous abortionists.

“Abortion is always a deadly procedure that stops the beating heart of an unborn child, even after that baby can feel pain, but it is also a dangerous procedure for their mothers. It is important to do everything we can to prevent that danger from happening,” said Ms. Olivia Gans, president of the Virginia Society for Human Life.

Virginia Society for Human Life is the oldest pro-life organization in the Country and the Virginia affiliate of National Right to Life Committee.
