We would like to thank each one that has been praying for the ministry here! It's an amazing thing to experience the hand of God working in lives every week. We truly are thankful for the prayer support!

I am now getting to spend hours each week with young men in the ministry. Please pray for them (Ramiro, Emiliano, Diego, and Manuel) as they are making decisions that will determine the course of their future! There are two guys that have finished the 2 levels of the Foundation material. They are now helping me to disciple the other young men who have less time growing in the Lord. The plan is for them to take over and continue to help these young men grow. Also Ramiro, Emiliano, and Manuel are starting to preach and preparing for the full-time ministry. They hope to graduate from the Bible Institute in 2017!

These are very exciting days in our ministry! We pray that God will use these young people for His honor and glory!

We just changed buildings as a church over the past three weeks. We are now in a much larger and better building that will allow the church and ministry to grow! We also now have more room for the Bible Institute students as they work full-time in the ministry and study each week.

We also just had our first mission conference as a church and God truly is working in hearts about the full-time ministry. We already support two missionaries, but hope to add more to our mission's family over the next month. Also, we are saving money in order to start more churches with those who are studying in the Bible Institute.

There is a group from our home church coming down for a week mission trip starting tomorrow! We are very excited about our time with each team member and know that they will be a blessing to our church family. We also are excited because they will see that the harvest is ready, but we need more people who would say, Here Am I, Send Me!

Please pray for this ministry and also think about coming down to spend some time with our family and ministry!
