Press Information – For Immediate Release

Cincom CONTROL ERP Joins Top Enterprise Resource Planning Software Products for the 7th ERP Vendor Shootout™, June 16-17, 2010, San Diego, CA

An event for mid-sized companies with manufacturing, distribution, or project-oriented requirements to determine "short list" when evaluating Enterprise Resource Planning (ERP) Software

CINCINNATI, Ohio — June 1, 2010 — Cincom Systems (http://www.cincom.com) will participate in a side-by-side comparison of its newly released Cincom CONTROL 2010 ERP (http://erp.cincom.com) solution with its competitors in the 7th ERP Vendor Shootout™. Geared toward ERP selection teams and decision makers for companies with a manufacturing, distribution or project-oriented requirements, the ERP Vendor Shootout™ is ideal for businesses that are budgeting for or are currently evaluating Enterprise Resource Planning software.

Unlike traditional ERP systems, Cincom Control 2010 provides information tailored to each user's needs. Real-time information about operations is provided so manufacturing business leaders can make decisions and quickly implement actions regarding key business metrics, such as:

- Overall cost control and margin
- Inventory management
- Working capital optimization
- Risk mitigation
- Process improvement

Cincom CONTROL 2010 is designed with familiar Microsoft SharePoint navigation to help users get onboard and running in minutes. Cincom is the only ERP provider with ZERO failed implementations – saving you from unnecessary sunk costs. Cincom's implementation process helps clients manage project costs.

Moderated by Technology Evaluation Centers (TEC) of Montreal, Canada, this event is a one-of-a-kind opportunity for you and your team to quickly build your selection short-list by seeing the best in Enterprise Software Solutions in the world all in one place, all at the same time!

The 7th event, scheduled for June 16-17, 2010 at the San Diego Marriott Hotel and Marina, will include the top ERP packages, presented by resellers in a side-by-side comparison.

The goal of the event is to simplify the ERP software selection process. This event alleviates some of the painful inefficiencies of the selection process by coordinating onsite software presentations and delivering them in a two day event. End-user attendees will see a series of scripted demos from vendors and resellers, gaining a side-by-side, comparative view of product functionality, user interfaces, and overall usability. In addition to the scripted demos, each product presenter will cover additional topics and key functionality specific to each product.

Event sponsors include IBM, IT Toolbox, Manufacturing.Net, Manufacturing Business Technology.
