

Bronze Peacock Rodgers Flower

Rodgersia Pinnata 'Bronze Peacock'

- ☼ Darkest foliage of any Rodgersia. The leaves are thick, glossy, indented and make a great sculptural addition to your woodland garden. Huge bronze leaves emerge like a peacocks tail in spring followed by fluffy pink flowers. Equally dark and dramatic seed heads are long lasting and showy. Compact habit stays within bounds of container or garden. Reliable and easy to grow
- ☼ Likes moist soil, will tolerate dryer conditions with more shade
