## Oracle JD Edwards Reseller, brij Image & Information, Announces Their Participation in 6<sup>th</sup> ERP Vendor Shootout™, March 18-19, 2010 in Atlanta, GA

**An event for mid-sized companies with manufacturing, distribution, and project-oriented requirements to determine “short list” when evaluating Enterprise Resource Planning (ERP) Software**

GREENSBORO, NC – January 25, 2009 – For the 6<sup>th</sup> time, [brij Image & Information](http://www.brij.com) will be participating in a side by side comparison of the [Oracle JD Edwards EnterpriseOne](http://www.oracle.com/erp) solution with their toughest competitors in the ERP Vendor Shootout™, March 18-19, 2010 at the Renaissance Atlanta Downtown Hotel in Atlanta, GA. Showcasing the world’s top Enterprise Resource Planning (ERP) Software Solutions, the ERP Vendor Shootout™ provides companies with a quick and less costly method to develop a short list of vendors.

The [targeted audience](#) for this event is mid-sized manufacturing, distribution and project-oriented companies who are considering an ERP software selection or upgrade.

[Technology Evaluation Centers](#) (TEC) of Montreal, Canada will serve as the moderator of the event and each of the ERP packages will be represented by an official Value Added Reseller within the region.

The goal of the event is to simplify the ERP software selection process. This event alleviates some of the painful inefficiencies of the selection process by coordinating onsite software presentations and delivering them in a one and a half day event. End-user attendees will see in a series of scripted demos from vendors and resellers, gaining a side-by-side, comparative view of product functionality, user interfaces, and overall usability. The event also includes unscripted breakout sessions that will cover additional topics and key functionality specific to each product, not covered during the scripted demos. The event will also feature a networking cocktail hour to conclude the day.

For additional information or to register for the ERP Vendor Shootout™ visit [www.erpshootout.com](http://www.erpshootout.com) or call **877.907.2702**.
