

## **Alogic-US, an ERP Reseller, Demos Epicor 9 at ERP Vendor Shootout**

*Alogic presents Epicor product to companies who are evaluating an ERP Software Partner*

**PITTSBURGH, PA - February 23, 2010** – **Alogic-US** is focused on providing clients with the most reliable, advanced ERP solutions available. As a leading provider of strategic enterprise resource planning (ERP) solutions for small and mid-market businesses, **Alogic-US** consistently uses best practices to provide leading-edge software solutions for clients in a range of industries. **Alogic** will be participating in a side-by-side comparison of their **Epicor** solution, competing with six of their toughest competitors in the 6<sup>th</sup> ERP Vendor Shootout in Atlanta, GA on March 18<sup>th</sup> 2010. Technology Evaluation Centers (TEC) of Montreal, Canada will serve as the moderator of the event while several ERP Resellers present their product. Seven Enterprise Resource Planning (ERP) solutions will be presenting to companies who are looking to select an ERP Software Partner. This event provides an opportunity for companies to build their short list to find an ERP system in a quick and less costly method.

The targeted audience for this event is small to mid-sized manufacturing and distribution companies who are considering an ERP software selection or upgrade. The goal of the event is to simplify the ERP software selection process. This event alleviates some of the painful inefficiencies of the selection process by coordinating onsite software presentations and delivering them in a one day event. End-user attendees will participate in a series of scripted demos from resellers, gaining a side-by-side, comparative view of product functionality, user interfaces, and overall usability. Attendees can also visit breakout sessions hosted by industry experts that cover topics pertaining to the selection and implementation processes.
