

Willamette Hops Vine

Humulus Lupulus 'Willamette'

- ❁ Fast-growing and hardy vine, with light golden, cone-shaped fragrant flowers used for making beer.
- ❁ Grows to 20' in a single season and dies-back to the crown each fall. Makes a sensational statement in any landscape. Grow on a fence, wall or trellis for support
- ❁ Flowers begin to ripen in late summer early fall. One of the best hops for pale ales, brown ales or UK style ales. Also used in teas for insomnia.
