

Dear Friends,

Join me September 9 & 10 at the University of Washington and 9/11 at Seattle Center and a Global Webcast as we **TURN 9/11 ON ITS HEAD. SAY YES TO LOVE AND PLEDGE TO SEND LOVE ON THE 10TH ANNIVERSARY OF 9/11. The Whole weekend is FREE whether on the ground or joining by webcast. Pledge to send love now and get the latest updates: [www.onetheevent.org](http://www.onetheevent.org)**

The upcoming 10th Anniversary of 9/11 represents a tremendous opportunity to:

- Transform fear and hate into love by millions of Americans and citizens all across the globe;
- Reframe a day associated in millions of peoples' hearts and minds with fear and hate into one where we step past age-old separation into new world cooperation and coherence;
- Be forever changed by the inspiration of A Regular Guy: ONE: Becoming ONE, an organization founded by Seattle Firefighter Erik Lawyer, is offering a weekend of events free and open to the public, plus an international webcast, to reach out to our greater humanity, regardless of race, creed, background, borders and harness their immense power of love and in turn redirect the course of history.
- Mobilize and Connect the Dots locally and globally of extraordinary people, organizations, movements and on-the-ground direct actions that are already synergistically moving towards a world based in Love.
- Shift our Worldview: The old M.O. said "United We Stand" but implied separation, prejudice, and fear. That M.O. won't stand up to Love. WE ARE THE ONES we've been waiting for.

In the days after 9/11 thousands of people came to Seattle Center and other locations worldwide with notes, flowers, and to connect with their fellow humanity. In Seattle and across the globe we experienced an outpouring of compassion, deeply inherent to us as human beings. Ten years later, Seattle is responding with a global collaborative effort to recognize this anniversary as an opportunity to shift from fear to love.
