

# Concorde Barberry

*Berberis Thunbergii 'Concorde'*

- ❁ Dwarf form with deep purple, velvety foliage purplish-red foliage. The small oval leaves turn an outstanding brilliant red in the fall. Clusters of yellow flowers hang from the branches and are followed by showy red fruits
- ❁ Sharp needles will keep any interlopers out
- ❁ One of the most effective foliage plants, it tolerates shearing, making it a good choice for a hedge or topiary
