

Saucer Magnolia

Magnolia x Soulangeana

- ☼ Saucer Magnolia is a multi-stemmed, spreading tree, 25 feet tall with a 20 to 30-foot spread and bright, attractive gray bark. Large, fuzzy, green flower buds are carried through the winter at the tips of the branches.
- ☼ Blooms open in late winter to early spring before the leaves, producing large, white flowers shaded in pink, creating a spectacular flower display
