

Dappled Willow 'Flamingo'

Salix Integra 'Flamingo'

- 🌸 Young shoots emerge a brilliant pink, while older leaves closer to the stem remain soft green and dappled white. Colour will last for several weeks
- 🌸 Very easily sheared to encourage more bright pink new growth and to shape and control size. Grows very quickly. Would make a beautiful barrier or hedge
- 🌸 Shiny red stems in winter

Height: 6 Feet

Zone: 5
