

Climbing Rose

'Lucy Irene'

Rosa 'Lucy Irene'

- ❁ A Canadian-bred climbing rose. Loads of semi-double pastel pink blooms from mid June till frost held in sprays of up to 30 blossoms each. The canes can grow up to 10 feet tall and can be trained on a post or trellis. Can also be allowed to ramble
- ❁ A really hardy climbing rose. It has been grown successfully as far north as Zone 2b! It is also very resistant to powdery mildew and blackspot
