

People in Agriculture Pathways Poster Event

Purpose:

The People in Agriculture Pathways Poster Event is designed to develop inquiry and communication skills while also providing an understanding and awareness of careers in agriculture for seventh and eighth grade members of Nebraska FFA. The event will consist of three distinct components – a poster, a paper, and an interview. Through the development and display of their posters, students will accomplish the following three tasks:

1. Prepare a written summary of people working in their respective agriculture jobs or careers. Each written summary will contain one person working in each of the seven agriculture career pathways:
 - A. Agribusiness Systems
 - B. Animal Systems
 - C. Environmental Service Systems
 - D. Food Products and Processing Systems
 - E. Natural Resource Systems
 - F. Plant Systems
 - G. Power, Structural, and Technical Systems
2. Develop a poster board of their discoveries. The poster board will share key points from the written summary. Specific information to include on the board is identified in the rules portion of this document.
3. Prepare to discuss the job requirements and benefits of one position identified on their poster.

Eligibility:

The state event will be open only to seventh and eighth grade students who are regularly enrolled in a local agricultural education course during the current academic year and are FFA members in good standing. Students participating in this event must be registered attendees of the convention. A maximum of 75 students will be accepted into this event.

Rules:

1. Each participant should wear the official FFA dress as defined in the FFA manual or business dress attire.
2. The poster must contain a clear title.
3. Participants must create the poster board prior to the event by locating pictures of people working in their respective agricultural job or career (one person in each of the seven career pathways). Students may take pictures of people they speak with or find pictures in magazines,

newspapers, and on-line resources. Each photo should be accompanied by the following information:

- a. Pathway Label
 - b. Name of Individual
 - c. Position Title
 - d. Employing Company or Entrepreneurial Venture
 - e. Salary Range
 - f. Education Required
 - g. Working Conditions
 - h. Career Growth
 - i. Advantages and Disadvantages
4. Written summary is to be placed on the table in front of the poster board for reference at their discretion of the judge.
 5. During the student's identified presentation time at the state convention, participants must provide an introduction consisting of their name and chapter and then present a maximum of two minutes of information about what they learned. Students may use notes on an index card during their presentation if they wish. Each student will then be asked three questions about their written summary, poster and presentation by the judges scoring them. The presentation and questioning will last no more than five minutes.
 6. Poster requirements:
 - a. Maximum of 36" in height and 48" in width
 - b. Self-standing
 - c. Poster board, foam board & tri-fold boards are all acceptable
 - d. Student name and chapter must be indicated on the back of the poster
 - e. Information must be cited
 7. Interview and Display Set-Up Information
 - a. Each student will be assigned a presentation time. Students should arrive at their poster 10 minutes prior to their presentation time in order to ensure they are present for their presentation. Written summary is to be placed in front of the poster board at this time and removed at the conclusion of the interview.
 - b. All posters must be set up prior to 9:00 am on the day of the event. Do not leave written summary documents with poster boards at this time.
 - c. All posters must be removed by 1:00 pm on the day of the event. Any posters left after 1:00 pm may be subject to fines.

People in Agriculture Pathways Poster Event

Student's Name: _____ Date: _____

Student's School: _____ Judge's Initials: _____
