

'Vidal Blanc' Grape

Vitis Vinifera 'Vidal Blanc'

- ❁ An extremely winter-hardy variety that produces fruit with high sugar levels in cold climates. Considered the best choice for wine making and is planted extensively in Canada, also used for making ice wine
- ❁ Best fruiting in full sun, in well drained soil, but tolerates light shade & heavier soils. Good drainage is a must, and protection from harsh winds
- ❁ Vigorous, twining vine works well as a screen for arbors or trailing along fences.
