Christopher Sanderson

Our next Chapter meeting is scheduled for **September 11th** at the City Grill (130 Westmorland St, Moncton). This month's meeting will feature a presentation by Carl Duivenvoorden. Carl will speak on the challenges of climate change, with a discussion of global solutions specific to HVAC and the building Environment. His insight into the effect of climate change and our industries "Call to action" will provide specific information pertaining to how we all can influence the outcome of the effects of climate change.

A social hour will begin at 5:00 PM with a cash bar, followed by the presentation at 6:00 PM, and Dinner at 7:15 PM.

Executive Meeting Notice

A reminder to the Executive, Board of Governors, and the Committee Chairpersons that the Executive meeting will start at 3:30 PM at the City Grill.

Speaker Biography

Carl Duivenvoorden was raised on a dairy farm in northern New Brunswick, and attended the NS Agricultural College. His diverse career has taken him to over 25 countries, from New Zealand to Vietnam to Brazil.

In 2006, he read "An Inconvenient Truth", the book that catapulted climate change to the top of the global agenda. In April 2007, he became one of the first Canadians to be personally trained by Al Gore. Since then, he has presented "An Inconvenient Truth" in English and French over 250 times to more than 35,000 people across Atlantic Canada and in the US. Just last month, he attended a conference at which Mr. Gore presented an updated version of his Academy Award-winning slideshow.

Formerly with Efficiency New Brunswick, Carl now makes his living as a speaker, writer and consultant, helping people and organizations learn how they can save money, energy and our environment. He also writes a biweekly column, Green Ideas, in the NB Telegraph Journal and three NB weeklies.

He looks forward to sharing his passion with you.

Golf Tournament Wrap-Up

The weather on August 2nd was perfect for the 80 golfers who turned out – not too hot, and mainly overcast. A BBQ sponsored by MacLeod & Grant Ltd., raised \$362 for junior golfers at the Moncton Golf and Country Club.

Following the golf, participants and guests adjourned to the Elks Club for a surf and turf meal featuring 2½ pound Bay of Fundy lobsters and ½ pound steaks. Louis Lopez won the golf bag, donated by ENBRIDGE, and Mike Brown won the other door prize, a \$50 gift certificate, courtesy of Bruce Sutherland Associates Ltd. Total proceeds from the door prize raffle came to \$417, which will go directly to ASHRAE Research Canada. Hole sponsorship added a further \$1800 for ASHRAE Research Canada.

Everyone took home some prizes. The Global Swingers (Greg Close, Neil Black, Dave Cowan and Ryan Reid) of Team 4A placed first with a combined score of 11 under par. In fact, most teams did very well, with 15 teams finishing under par. Scott Moore of Team 7 won a \$50 gift certificate, courtesy of Bruce Sutherland Associates Ltd. for the longest drive. Raven Spanier of Team 15 was closest to the hole and won another \$50 gift certificate, also courtesy of Bruce Sutherland Associates Ltd.

Many thanks to the following people:

- Gerry Waselynychuk for the overall organization
- Jennifer Chapman for registration details
- Luc Dugas for coordinating prizes
- All the prize donors
- The staff at the Moncton Golf and Country Club and the Elks Club
- The ASHRAE volunteers who helped clear off the tables after the meal

Finally, we all owe a big vote of thanks to Jim Morris and Peter Killen of MacLeod & Grant Ltd. for organizing and preparing the food for both the BBQ and the banquet. You helped make the day!

President's Welcome Letter

Welcome everyone, to a new ASHRAE year! Your Board of Governors has been busy during the summer, planning an exciting and varied program for the year.

I wish to mention the Chapters Regional Conference (CRC) which took place in Ottawa on August 24-26. Eight members of our BoG attended, and found the conference very worthwhile. The accompanying photo shows our delegation at the President's Dinner. From the left: Cam Chevarie, President-Elect; Dan Boudreau, Membership Promotion Chair; Kevin Leger, YEA Chair; David Samuel, Historical Chair; John Willden, Student Affairs Chair; Yves Savoie, CTTC Chair; Dwight Scott, President; Devin Harinarine, Research Promotion Committee member. While Cam and I was busy with business and caucus meetings, the other members attended specialized workshops led by their respective Regional Vice-Chairs. The CRC was very well-attended, with some 110 people, including the following representatives from Society: Bill Bahnfleth, President-Elect; Eckhard Groll, Director-at-Large; Joyce Abrams, Group Manager, Education and Certification; and Mark Wills, Manager, Government Affairs – State & Local. It was good to meet these folks from Society, and to socialize with other ASHRAE members from Region II.

Next month, our chapter will celebrate our **40th Anniversary** on Tuesday, October 23rd. (Note the change in date for this meeting only.) The change was made to accommodate a special visit from Society President, Tom Watson. We expect to have a good number of visitors from other chapters in the region as well. The October meeting will also be **Past Presidents Night**, with some special activities planned for the evening. Mark October 23rd on your calendar and watch for more details in an upcoming *Herring Choker*.

You can see from the program lineup later in this Choker, that we are planning three tours this year, including meetings in Saint John and Fredericton. We also will be inviting other groups to join with us for some meetings as appropriate.

In closing, I hope to see many of you at our meetings, and at the family social events to be scheduled. Those of us who attended the CRC came away with a feeling of pride in our chapter's success. We stack up quite favorably against some of the larger cities.

Dwight Scott
President, 2012-2013

ASHRAE NB/PEI 40th Anniversary

Tom Watson – Biographical Sketch

Tom Watson, P.E., Fellow Life Member, is chief engineer, McQuay International, Staunton, Va. There he oversees new product development for centrifugal compressor technology and is primarily involved in technical areas related to refrigerant applications, aerodynamics, bearing design and motor applications. He holds five patents related to refrigerant, gas and chiller compressors.

As ASHRAE’s president, Watson directs the Society’s Board of Directors and oversees the Executive Committee. His presidential theme is Broadening ASHRAE’s Horizons, which emphasizes the role of ASHRAE members as leaders in the application of sustainable design and practices in our communities worldwide.

During his presidential address in San Antonio this June he said:

“Let us build on a strong heritage as a technical society and broaden the application of our technology to serve humanity and promote a sustainable world. We must look at broadening our technology, our applications and our people.”
