CLOSING REMARKS

MARILYN SIMPSON FORD DISTINGUISHED SERVICE AWARD

To recognize an individual's commitment to the Association for their time, service and dedication to the vision and purpose, the Association created the Marilyn Simpson Ford Award of Distinction recognizing an FCA member for their voluntary contributions. The award was established in 1989 by Pi Beta Phi Fraternity to honor their former Editor Marilyn Simpson Ford and is presented each year at the annual conference.

EVIN C. VARNER, JR. FRATERNAL COMMUNICATIONS AWARD

As the grand senior resident of Alpha Sigma Phi Fraternity and president of the College Fraternity Editors Association, now the Fraternity Communications Association, Evin Varner led both organizations to enhanced programs. He was a leader and speaker in many interfraternal programs and won many awards as editor of his fraternity's magazine, "The Tomahawk." He achieved all this while compiling a distinguished career in communications, marketing and public relations. He was the first recipient of the award, shortly before his death in 1985.

Evin always had time for those who sought his counsel, and he easily shared his sense of mission. He was an innovator, a doer and above all, a friend. He influenced others' appreciation of the role of the fraternal communicator and the effectiveness of interfraternal cooperation. It is in this spirit – the outreach of caring and sharing, as well as communicating and achieving – that the Evin C. Varner, Jr. Fraternal Communications Award memorializes, recognizes and inspires others.
