## TROUBLE IN PARADISE

The islands are home to an eclectic mix of ex-pats, escaping a troubled former life. For Captain Jolly, refugee from an acrimonious divorce, the good life looks set to come to an abrupt end - the Do Over, his 38-foot sailing Catamaran, lies scuttled amongst mangroves, threatened like the island itself by a violent tropical storm. Can this tropical idyll and its inhabitants survive the trial that lies ahead? Captain Jolly's Do Over is an irreverent Rum-Diaries style romp with some interesting insights into the human condition.
