PROJECT:

Repaving Drive and Parking Lot at Pike County Elementary School
For Pike County School System
Brundidge, Alabama

ARCHITECT PROJECT NO. 2020-158

DCM # 2020353

The following changes and/or substitutions to the plans and specifications are hereby made a part of same and are incorporated in full force as part of the contract.

Bidders shall acknowledge receipt of this Addendum in writing on his Proposal Form.

A1.1 GENERAL MODIFICATIONS:

A. None

A1.2 SPECIFICATION MODIFICATIONS:

A. None

A1.3 DRAWING MODIFICATIONS:

A. None

A1.4 CLARIFICATIONS & RESPONSES:

1. If Alternate 1 is taken can this work be performed in conjunction with the Base Bid or do I need to have additional mobilization included?

   All Work is to be completed at the same time, at the scheduled Finish Date.

2. Project Patching – Does the contractor determine what is to be patched and repaired? If not is a quantity going to be provided prior to the bid opening?
All Bidders are to visit the site and verify all quantities as required to repair the Existing Asphalt prior to receiving the Final layer of Asphalt.

3. Bid documents calls for a “Final Property Survey”. Does this apply to this project?  
   **Does not apply to this project.**

4. DCM fees required for this asphalt paving project where no building is involved?  
   **Yes, DCM fees will apply to this Project.**

5. Bid Documents refers to pothole repair with SealMaster Patch Master Pothole Patch. Can hot mix asphalt be used for the asphalt patching and repair? What thickness is to be placed?  
   **Hot Mix is acceptable, Repair must be a uniform minimum of 6” of mix prior to final asphalt placement.**

6. Where will the topsoil, sod and traffic control signs be placed?  
   **The Owner plans to barricade the Entry at the gate to allow the Contractor “Full Access” to the Site.**
