

Do you have a WashKey yet?

Washworld Te Rapa is the first carwash facility in NZ with the easy, fast and convenient WashKey cashless payment system.

WashKeys are a tough plastic key with a built in microchip which stores information about the key user and the value of credit they have preloaded onto their WashKey.

Green Prepaid WashKeys

Prepaid **My WashKeys** are sold in \$30, \$50 or \$100 units and make ideal gifts, rewards or staff incentives. Users receive a free carwash on their birthday.

To use the key simply insert it into the desired service. If it is a bay or a vacuum, they will automatically turn on. To use your key in the Laserwash, simply insert the key into the key port on the Auto cashier and select the desired wash. Remove the key and drive forward.

When the credit on your WashKey is running low, a simple "top up" can be added by seeing our friendly onsite attendant.

Easy • Fast • Convenient • No need for cash

My WashKey (green) users automatically receive a free carwash on their birthday!

Blue Prepaid Fleet WashKeys

Prepaid fleet accounts enable multiple Keys for multiple users. Fleet WashKeys allow staff to use Self Serve wash bays, vacuums and the Touchfree Laserwash by debiting a prepaid fleet account each time a WashKey is used.

A record is kept of the user, date, time, equipment used and cost which appears on a monthly usage report which enables monitoring of exact vehicle cleaning costs. Tax invoices are available to make accounting for business expenses and GST simple.

"It's a great system for businesses who care about fleet presentation, whilst still being able to control usage."

Doug Montgomery, Owner, Homeseal Insulation

"Keys are working awesome. Much better than the tokens."

Carolyn Preddey, Fleet Administrator, North Power Hamilton

"WEL takes great pride in the way our vehicle fleet is maintained and presented. Washworld plays a major part in ensuring our fleet of white vehicles looks professional at all time."

"We found their electronic wash key system both economical and an easy way to monitor and control costs."

David van Deventer, Human Resources Manager and Field Services Manager, WEL Networks Ltd
